The college offers a variety of digital technological resources. There are three computer labs, one digitally equipped conference hall, and seven smart classrooms. The college also has a fully functional computer lab. The college's students have access to the computer lab. Wi-Fi connectivity is provided for both the college and library buildings. All of the college's employees and students have unrestricted access to Wi-Fi. Computers and other relevant accessories are provided for each department in the college. ICT is used to complete the majority of official work. The college keeps the IT infrastructure in good working order. Here are a few fundamental updating resources: Computers are regularly formatted. With the assistance of a computer operator and without any fees, the college formats the computer itself. Computers often have antivirus software installed. There is antivirus software on every computer. There is LAN connectivity in the principal chamber, office, IQAC room, and several departments, including the library, as stated in 4.1.1. All classrooms have CCTV installed. Mr. Bhorikade A.R., Arnav Techonsys, Yeola is in charge of maintaining the website.
