**Ecosystem for 2022-23**

The institution has created an ecosystem for innovation and research activities for creation and transfer of knowledge. The faculty members are encouraged for elaborative discussion to take up research activities. SND college of Pharmacy has constituted a Research Advisory Committee (RAC) headed by the Principal, periodically conduct meetings with members to review and update the facilities required to create the research friendly environment. HODs of all departments and our faculty participate in their respective areas of research.

Objectives of the research cell are as follows:

- To identify the thrust research areas in a suitable domain.
- To provide the facility and resources for the research.
- To develop the strong Industry Institute collaboration.
- To work on problems of Society related to our field and find out a possible solution.
- To create conducive environment for research among the faculty and the students.
- To target the projects as products by registering patents and copyright.

Convener,

Research and Institute's Innovation Cell
